

**United States District Court  
For the Eastern District of Wisconsin**

---

United States of America,

Plaintiff,

v.

Case No. 10-CR-142

Flavio Hernandez, et al.,

Defendant.

---

**Defendant's Proposed Voir Dire**

---

**Now comes** the above-named defendant, by his attorney, Jeffrey W. Jensen, and hereby proposes that the court ask the jury panel the following questions on voir dire:

1. Did any members of the jury panel know one another before assembling for this jury panel? If so, in what way?

2. Have you ever served previously as a member of a trial jury? If so, when and in which court? Was it on a civil or criminal case? Were you allowed to reach a verdict? What was the outcome of the trial? Have you ever served as a foreperson on a jury? Was there anything about your experience on a jury that would make it difficult for you to sit on this jury?

3. Do you know the defendant, Flavio Hernandez? How do you know him?

4. Is there anyone who may not know Flavio Hernandez but who may have heard of him? What have you heard about him?

5. Is there anyone on the jury panel who has a friend or family member who has had a problem with drugs? If so, describe how that person's drug problem affected your life.

6. Who on the jury panel has heard the phrase "War on Drugs"? What does this phrase mean to you?

7. Is there any person on the jury panel who has been the victim of a crime in which a firearm was used? What happened? How has that experience affected your life?

8. Does anyone on the jury panel have a friend or family member who is a law enforcement officer? Do you discuss his/her professional affairs? What have these discussions been about? Do you believe that law enforcement officers are more worthy of belief, just for that reason, than anyone else? Why?

9. Does anyone live in a neighborhood in which drugs are dealt on the street? How does that affect you?

10. Does anyone own a firearm? For what purpose?

11. What would you think if the defendant did not testify in this case?

12. Does anyone listen to talk radio? Whom do you listen to? What interests you about that program?

13. Does anybody come to court with the belief that our system of justice is failing? If so, how? What would you do differently?

14. How do you feel about police officers going around undercover and attempting to buy illegal drugs from people?

15. Does anyone on the jury panel watch television shows which pertain to the courts, lawyers, police or the criminal justice system? If so, what shows do you watch? What appeals to you about that show? Do any of you expect that this trial will be as fast-paced and entertaining as a television show? Would you be able to pay attention if it were not?

16. Is there any person on the jury panel who has a reason why they may not be a fair juror in this case which has not already been asked about?
